JAFFRAY & CO'S END.

Receivers in Charge of the Great Firm's Affairs—The Creditors will be Paid Pro Rata as the Property is realized.

The well-known wholesale dry goods house of E. S. Jaffray & Co., at 350 Broadway, has been placed in the hands of receivers at the request of Howard S. Jaffray, the senior member of the firm, in order to more properly carry out the provisions of the will of his father, the late E. S. Jaffray.
Mr. Jaffray's death occurred on April 23, 1892, and ever since then the executors have been desirous of finding some means of winding up the estate satisfactorily. They finally decided to have receivers appointed.
The business done by this house generally amounts to from \$8,000,000 to \$10,000,000 a year. They employ about 300 men and have 74 traveling salesmen, who sell goods in every part of the United States.
The firm was organized in 1809 by Robert Jaffray as a branch of the London house. The papers for the receivership were filed in the Supreme Court today, and the three receivers qualified in the sum of \$100,000 each.—[New York Sun, March 25.]

The firm of E. S. Jaffray & Co., that went into receivers' hands March 25th, was one of the oldest and largest importers and jobbers of dry goods in New York. Ninety-nine per cent of the merchants throughout the country had been to market, made their purchases and returned home before the above occurrence. But I, through fortunate circumstances, reached the market late and just in time to take advantage of the greatest dry goods slaughter that New York has known for years. I have been successful in closing a deal with the receivers by which I come into possession of
